

ML350

Electric Lock

Range: ML Series

The ML350 is a compact electric lock which has a holding force of up to 650kg, and operates under side load up to 225kg.

Manufactured from stainless steel, and with a narrow profile, the ML350 provides an ideal solution for fail-safe locking.

The ML350 is supplied standard as 12Vdc, a 24Vdc version is also available by special order.

Lock and door status are included as standard monitoring, as is the option to trigger the lock only on sensing the door is closed.

1 HOUR UK FIRE TESTED

Fire resistant test conducted in accordance with
BSEN 1634-1:2014
BSEN 1363-1:2012

Technical specifications

- **12Vdc** (24Vdc available special order)
- **280mA @ 12Vdc** (140mA @ 24Vdc)
- **650kg holding force**
- **225kg side load**
- **200 x 25 x 41mm**
- **Full fixing kit**
- **Suitable for wood, metal & PVC doors**

Key features

- **Compact**
- **Fail safe**
- **Operates under side load**
- **Robust construction**
- **Lock status**
- **Door status**
- **Lock trigger option**
- **Fire tested**
